INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF THE FIRST MAZOOON FUND

Report on the financial statements

We have audited the accompanying financial statements of The First Mazoon Fund ("the Fund"), set out on pages 2 to 19, which comprise the statement of financial position as at 31 December 2015, statement of comprehensive income, statement of changes in Unitholders' Funds, statement of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Board of Directors' responsibility for the financial statements

The Board of Directors is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards and the disclosure requirements of the Capital Market Authority (CMA). The Board is also responsible for such internal control as the Board determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion the financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2015 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Report on regulatory requirements

The financial statements also comply in all material respects with the relevant Rules and Guidelines on Disclosure by Issuers of Securities and Insider Trading and with the Regulations for Investment Funds issued by CMA.

The First Mazoon Fund

Financial statements for the year ended 31 December 2015

Notes to the financial statements

1 LEGAL STATUS AND PRINCIPAL ACTIVITIES

The First Mazoon Fund ("the Fund") is an open-ended fund registered and incorporated in the Sultanate of Oman on 3 May 1997 in accordance with the regulations issued by the Capital Market Authority ("CMA").

The primary objective of the Fund is to achieve capital appreciation through a diversified portfolio of equity investments, Government and corporate bonds in Oman, other GCC countries and the MENA region.

The day-to-day operations of the Fund are managed by the Investment Manager, Gulf Baader Capital Markets SAOC.

The governance and control over the Fund is exercised by the Board of Directors, which is responsible for formulating investment strategy and the related guidelines adopted by the Fund.

On 15 December 2012, the Fund entered into a custodianship agreement with Gulf Custody Company SAOC for all investments owned by the Fund in Oman and GCC countries.

The Fund's net asset value (and net asset value per unit) is determined on daily basis and the financial statements are prepared on the basis of last valuation day of the year.

2 BASIS OF PREPARATION AND ADOPTION OF NEW AND AMENDED IFRS

2.1 Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board (IASB), interpretations issued by the International Financial Reporting Interpretation Committee (IFRIC) and the relevant disclosure requirements for licensed companies issued by the Capital Market Authority. The financial statements are presented in Omani Rials.

2.2 New and amended IFRS adopted by the Fund

The financial statements have been drawn up based on accounting standards, interpretations and amendments effective at 1 January 2015. The Board of Directors believes the adoption of the amendments effective for the current accounting period has not had any material impact on the presentation and disclosure of items in the financial statements.

2.3 New and amended IFRS which are in issue but not yet effective

At the end of the reporting period, the following significant new and revised standards were in issue but not yet effective:

- IFRS 9, 'Financial Instruments' has an effective date for accounting periods beginning on or after 1 January 2018 now that it has been finalised. IFRS 9 outlines the recognition, measurement and derecognition of financial assets and financial liabilities, the impairment of financial assets and hedge accounting. Financial assets are to be measured at amortised cost, fair value through profit and loss or fair value through other comprehensive income, with an irrevocable option on initial recognition to recognise some equity financial assets at fair value through other comprehensive income. The impairment model in IFRS 9 moves to one that is based on expected credit losses rather than the IAS 39 incurred loss model. The derecognition principles of IAS 39, 'Financial Instruments: Recognition and Measurement' have been transferred to IFRS 9. The hedge accounting requirements have been liberalised from that allowed previously. The requirements are based on whether an economic hedge is in existence, with less restriction about proving whether a relationship will be effective than current requirements.

The First Mazoon Fund

Financial statements for the year ended 31 December 2015

Notes to the financial statements

2 BASIS OF PREPARATION AND ADOPTION OF NEW AND AMENDED IFRS (Continued)

2.3 New and amended IFRS which are in issue but not yet effective (Continued)

- Amendments to IAS 1 'Presentation of Financial Statements' issued in December 2014 are part of the disclosure initiative. The minor amendments address a number of areas which include the disclosure of significant accounting policies, the application of materiality to financial statements, presentation of sub-totals, information to be presented in the other comprehensive income section of the performance statement, and the structure of the notes to the financial statements. The amendments are applicable for annual periods commencing on or after 1 January 2016.

The Board of Directors believes the adoption of the above new and amended IFRS and certain other amendments, which are in issue but not yet effective, is not likely to have any material impact on the presentation and disclosure of items in the financial statements for future periods.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

In preparing the financial statements, the Fund is required to make estimates and assumptions which affect reported income and expenses, assets, liabilities and related disclosures. The use of available information and application of judgements based on historical experience and other factors are inherent in the formation of estimates that are believed to be reasonable under the circumstances. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised and in any future periods effected.

4 SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been consistently applied in dealing with items considered material to the Fund's financial statements.

a) Accounting convention

The financial statements are prepared under the historical cost convention, as modified by the fair valuation of investments at fair value through profit or loss.

b) Dividend income

Dividend income from investments at fair value through profit or loss is recognised in the statement of comprehensive income when the Fund's right to receive the payment is established.

c) Investments at fair value through profit or loss

Investments at fair value through profit or loss have two sub-categories: investments held for trading, and those designated by Management at fair value through profit or loss at inception. Investments held for trading are acquired principally for the purpose of selling or repurchasing in the short-term. The regular purchase and sale of investments are recognised on the trade date, i.e. the date on which the Fund commits to purchase or sell the investment. They are initially recognised at fair value (transaction price). Subsequent to initial recognition, unrealised gains or losses arising from changes in fair values are accounted in the statement of comprehensive income.

Fair values of quoted investments at the end of the reporting period are determined with reference to the closing prices in organised financial markets. Realised gains or losses on sale of investments are determined by the difference between the sale proceeds and the carrying value and are included in the statement of comprehensive income in the year in which they arise. The Fund has classified fair value measurements on a recurring basis using a fair value hierarchy that reflects the significance of the inputs used in making the measurements.

The First Mazoon Fund

Financial statements for the year ended 31 December 2015

Notes to the financial statements

4 SIGNIFICANT ACCOUNTING POLICIES (Continued)

c) Investments at fair value through profit or loss (Continued)

The fair value hierarchy has the following levels:

- quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

The fair valuation of the Fund's investments are determined using the Level 1 hierarchy.

d) Impairment

At the end of each reporting period, the Fund assesses if there is any objective evidence indicating impairment of financial assets. An impairment loss, if any, arrived at as a difference between the carrying amount and the recoverable amount, is recognised in the statement of comprehensive income. The recoverable amount represents the present value of expected future cash flows discounted at the original effective interest rate.

e) Due from and due to brokers

Amounts due from and due to brokers represent receivables for securities sold and payables for securities purchased respectively, that have been contracted for but not yet settled or delivered at the end of the reporting period. These amounts are recognized initially at fair value and subsequently measured at amortised cost, less provision for impairment for amounts due from brokers. A provision for impairment of amounts due from brokers is established when there is objective evidence that the Fund will not be able to collect all amounts due from the relevant broker.

f) Management fee and performance fee

Management fee and performance fee is payable to the Investment Manager. The Management fee is calculated at 1.40% (2014 – 1.40%) of net assets on a daily basis and payable at the end of each quarter. The performance fee is calculated at 10% on any profits in excess of 10 % net profit per annum after deduction of all applicable expenses excluding performance fee.

g) Receivables

Receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and arise during the ordinary course of the business. Receivables are recognized initially at fair value plus transaction costs that are directly attributable to their acquisition origination. They are subsequently measured at amortized cost using the effective interest method, less allowance for credit losses. An allowance for credit losses for receivables is established when there is objective evidence that the Fund will not be able to collect the amounts due. When a receivable is uncollectible, it is written against the allowance account for credit losses.

h) Cash and cash equivalents

For the purpose of statement of cash flows, cash and cash equivalents consist of bank balances, including deposits carrying an original maturity period upto 3 months from the date of placement. Cash and cash equivalents also include cash balances held with brokers at the end of the reporting period which are available for investment at the discretion of the Investment Manager.

The First Mazoon Fund
Financial statements for the year ended 31 December 2015

Notes to the financial statements

4 SIGNIFICANT ACCOUNTING POLICIES (Continued)

i) Other payables

Accruals and other payables are recognized initially at fair value and subsequently stated at amortized cost.

j) Taxation

Under the current laws of the Sultanate of Oman, there is no income, capital gains or other taxes payable by the Fund.

k) Redeemable units

Redeemable units are issued and redeemed at the holder's option at prices based on the Fund's NAV per unit at the time of issue or redemption and are classified as equity. The Fund's NAV per unit is computed by dividing the net assets attributable to the holders of the redeemable units with the total number of outstanding redeemable units on all business days.

l) Foreign currency transactions

Foreign currency purchase and sale transactions are translated into Rials Omani at the exchange rate prevailing on the transaction date. Foreign currency monetary assets and liabilities at the end of the reporting period are translated at the rates of exchange prevailing on that date. Exchange differences arising are taken to the statement of comprehensive income.

m) Distributions payable to the holders of the redeemable units

Proposed distributions to the holders of redeemable units are recognized in the statement of changes in net assets attributable to Unit holders in the year when they are appropriately authorized and no longer at the discretion of the Fund. This typically occurs when proposed distribution is ratified at the Annual General Meeting.

5 INVESTMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS

a) The movement in the investments at fair value through profit or loss during the year is as follows:

	2015	2014
	RO	RO
At the beginning of the year	5,959,399	5,417,920
Purchases during the year	21,019,115	30,303,982
Sales during the year	(22,554,970)	(29,149,317)
Fair value changes in investments during the year	(683,991)	(613,186)
	3,739,553	5,959,399

Notes to the financial statements

5 INVESTMENTS AT FAIR VALUE THROUGH PROFIT OR LOSS (Continued)

- j) The carrying value (fair value) of all the investments for the years 2015 and 2014 has been determined under the level 1 hierarchy [note 4 c)].

6 RELATED PARTY TRANSACTIONS

- a) During the year, the Fund entered into transactions in the ordinary course of business with key management personnel and entities over which certain members of the Board of Directors or the Investment Manager have a significant control or influence. These transactions are entered into on terms approved by the Board of Directors and subject to Unitholders' approval in the Annual General Meeting.

The nature and volume of significant related party transactions entered during the year was as follows:

	2015	2014
	RO	RO
Management fee	122,362	110,100
Board of Directors' fee	8,000	8,000
Redemption of units	56,950	--
Subscription of units	--	1,299,999

- b) In addition to the above, the Fund purchases and sells investments traded on the MSM through a related party broker. Brokerage on these transactions is paid at the rates prescribed by the CMA. The summary of these purchase and sale transactions during the year were as follows:

	2015	2014
	RO	RO
Purchase of investments	147,391	2,559,270
Sale of investments	1,005,518	2,337,325
Brokerage commission	4,011	16,671

- c) The amounts due from and due to related parties are not subject to interest and payable in accordance with the terms of the contract (2014 – same terms).

7 TAXATION

In accordance with Royal Decrees 54 and 55 of 2003, amending certain provisions of the income tax laws, investment funds incorporated in the Sultanate of Oman are exempt from tax. Accordingly, the Fund has not made any provision for tax for the year ended 31 December 2015 (2014 – Nil).

However, the Fund is required to file tax returns every year and tax returns are filed upto the year ended 31 December 2014. During the year, tax assessments for the years 2003 to 2009 have been finalised by the Secretariat General for Taxation with no additional demand for tax.

8 UNIT CAPITAL

- a) The number of units subscribed as at 31 December 2015 comprise 7,687,223 (2014 - 7,814,625) fully paid units of RO 1 each.

During the year, 49,294 units were purchased at a value of RO 56,597 (2014 – 3,338,515 units at a value of RO 4,306,606) and 176,696 units were redeemed at a value of RO 200,596 (2014 – 251,812 units at a value of RO 318,769).

Notes to the financial statements

8 UNIT CAPITAL (Continued)

b) The details of Unit holders who own approximately 10% or more of the Fund's units are as follows:

		2015		2014
	%	Units owned	%	Units owned
Gulf Investment Services Company SAOG	39.57	3,042,135	38.93	3,042,135
Nasser Mohammed Ali Al Nowais	13.32	1,023,574	13.10	1,023,574

9 NET ASSET VALUE (NAV) PER OUTSTANDING UNIT

NAV per unit is calculated by dividing the net assets at the year-end by the number of units outstanding at the year-end as follows:

	2015	2014
Net assets (in RO)	7,736,856	8,808,412
Number of outstanding units at the year end	7,687,223	7,814,625
NAV per unit (in RO)	1.006	1.127

10 LOSS PER UNIT

Loss per unit is calculated by dividing the loss for the year by the weighted average number of units outstanding during the year as follows:

	2015	2014
Loss (in RO)	(927,557)	(94,809)
Weighted average number of units outstanding during the year	7,726,024	6,129,078
Loss per unit (in RO)	(0.120)	(0.015)

11 PERFORMANCE DATA

	Average annual total return %	Growth of an assumed investment of RO 10,000
Year ended 31 December 2015	(10.71)	8,929
3 years ended 31 December 2015	8.03	12,610
5 years ended 31 December 2015	3.50	11,875
223 months ended 31 December 2015	7.34	37,301
Year ended 31 December 2014	6.82	10,682
3 years ended 31 December 2014	13.61	14,668
5 years ended 31 December 2014	8.59	15,098
211 months ended 31 December 2014	8.47	41,775

The average annual total returns, and growth of an assumed investment of RO 10,000, include dividends reinvested (cash and bonus shares). The performance data quoted represent past performance and is no guarantee of future performance. The Fund's performance is calculated by reinvesting the dividend on the date of declaration and adjusting the subsequent net asset values (NAV) on a daily basis to arrive at the adjusted NAVs.

14 MANAGEMENT AND CUSTODIAN FEE

Gulf Baader Capital Markets SAOC is the Investment Manager to the Fund (note 1) and earns a Management fee. Gulf Custody Company SAOC is the custodian of the Fund for its investments in Oman and GCC countries (note 1).

A Management fee of RO 122,362 (2014 – RO 110,100) at 1.40% per annum of the net assets value of the Fund (2014 – 1.40% per annum) is payable to the Investment Manager for the year. A custodian fee of RO 11,556 (2014 – RO 10,529) at 0.125% (2014 – 0.125%) of the Net Asset Value, subject to a minimum of RO 5,500 per annum is payable to the custodian of the Fund for the year.

These fees are calculated on a daily basis on the net asset value of the Fund in accordance with the terms and conditions agreed with the Investment Manager and the Custodian approved by the Board of Directors and are payable on quarterly basis.

Tax on GCC dividend	5,352	5,244
Other expenses	588	2,060
	17,584	17,589

17 FINANCIAL RISK AND CAPITAL MANAGEMENT

The Fund's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the Fund. Risk management is carried out under policies approved by the Board of Directors as per an Investment Management Agreement and Articles of Association. The objective of risk management is to ensure that the Fund operates within the risk levels set and monitored by the Board of Directors and the Investment Manager. The risk levels are measured and monitored on a continuous basis and compliance with the prescribed risk levels are reported by the Investment Manager to the Board of Directors on a quarterly basis.

The Fund's activities expose it to various financial risks, primarily being, market price risk, currency risk, credit risk and liquidity risk.

a) Market price risk

The Fund's equity securities are susceptible to market price risk arising from uncertainties about future prices of the instruments. The Fund's market price risk is managed through the daily monitoring of the Fund's overall market positions by the Investment Manager. The overall market position, trend and risk levels are reviewed by the Board of Directors on a quarterly basis. The Fund's investments are managed in a number of portfolios according to the techniques adopted by the Investment Manager which are consistent with the investment policies and restrictions stated in the Articles of Association of the Fund and guidelines of the Board of Directors.

	31 December 2015		31 December 2014	
	Market value RO	% of net assets	Market value RO	% of net assets
Investments at fair value through profit or loss	3,739,553	48.33	5,959,399	67.66

The First Mazoon Fund

Notes to the financial statements

17 FINANCIAL RISK AND CAPITAL MANAGEMENT (Continued)

a) Market price risk (Continued)

The Fund also manages its exposure to price risk by analyzing the investment portfolio by industrial sector and benchmarking the sector weighting to that of the MSM and S&P GCC Index. The Fund's policy is to concentrate the investment portfolio in sectors where Investment Manager believes the Fund can maximize the returns derived for the level of risk to which the Fund is exposed. At 31 December 2015, the Fund has no concentration in individual securities positions exceeding 2.98% (2014 – 5.05%) of its net assets.

The Fund's investments are publicly traded in the Muscat Securities Market and other GCC securities markets. The Fund's performance will vary depending on the market performance.

The Fund is benchmarked against S&P GCC Index for its local and GCC portfolio of securities. The annualized volatility of the Fund is 13.90% (2014 – 13.80%) as compared with 15.60% (2014 – 14.60%) of S&P GCC Index. A change by 1% in the S&P GCC Index will result in change of net asset value of the Fund by 0.84% (2014 – 0.91%). These stated techniques provide a yardstick to the Investment Manager to analyze the sensitivity of the Fund's investments and returns.

b) Currency risk

Foreign currency risk arises as the value of future transactions, recognized assets and liabilities denominated in other currencies fluctuate due to changes in foreign exchange rates. The Fund invests in GCC securities markets and holds both investments and bank balances denominated in currencies other than the Omani Rials.

In accordance with the Fund's policy, the Investment Manager monitors the Fund's foreign exchange exposure on a daily basis, and the Board of Directors reviews it on a quarterly basis. At the reporting date, the carrying value of the Fund's financial assets and liabilities held in individual foreign currencies were as follows:

	31 December 2015		31 December 2014	
	Amount in foreign currency	Amount in Rials Omani	Amount in foreign currency	Amount in Rials Omani
<i>Investments at fair value through profit or loss denominated in:</i>				
Saudi Arabia Rial (SAR)	19,732,569	2,012,722	26,315,147	2,684,145
UAE Dirham (AED)	8,158,273	850,092	10,514,674	1,095,627
Qatari Rial (QAR)	6,308,761	661,789	10,547,903	1,106,477
Kuwaiti Dinar (KWD)	160,124	201,260	171,300	229,884
<i>Cash in bank / with Broker denominated in:</i>				
Saudi Arabia Rial (SAR)	24,515,077	2,500,538	12,720,266	1,297,467
UAE Dirham (AED)	6,266,258	652,944	2,834,809	295,390
Qatari Rial (QAR)	7,423,626	778,738	5,583,380	585,696
Kuwaiti Dinar (KWD)	11,314	14,221	33,859	45,439
		7,672,304		7,340,125

The Board of Directors believes that there is no significant foreign currency risk as the GCC currencies (other than the Kuwaiti Dinar) are fixed against the US Dollar.

The First Mazoon Fund

Financial statements for the year ended 31 December 2015

Notes to the financial statements

17 FINANCIAL RISK AND CAPITAL MANAGEMENT (Continued)

c) Credit risk

Credit risk is the risk that counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund, resulting in a financial loss to the Fund. It arises principally from debt securities held, balances due from brokers and cash and cash equivalents. For risk management reporting purposes the Fund considers and consolidates all elements of credit risk exposure (such as individual obligor default risk, country and sector risk).

The Fund's policy over credit risk is to minimise its exposure to counterparties with perceived higher risk of default by dealing only with counterparties meeting the credit standards set out in the Fund's Articles of Association.

Credit risk is monitored on a daily basis by the Investment Manager in accordance with policies and procedures in place. The Fund's credit risks are monitored on a quarterly basis by the Board of Directors. Where the credit risks are not in accordance with the investment policy or guidelines of the Fund, the Investment Manager is obliged to rebalance the portfolio within 3 days of each determination that the portfolio is not in compliance with the stated investment parameters. The carrying value of receivable approximates their fair values due to the short-term nature of those receivables.

d) Liquidity risk

At 31 December 2015, the Fund's holding in cash and cash equivalents represented 52.08% (2014 – 28.60%) of its net assets. Accordingly, the Fund is not subject to significant liquidity risk. The management believes the increase in cash holding was due to uncertainties and extreme volatility in the GCC region, arising out of a slowing Chinese economy and its subsequent impact on emerging markets as well as on energy markets. The cash will be redeployed as the overall condition improves.

The Fund has a contractual obligation to redeem units to unit holders within 3 days. Historical experience indicates that these units are held by the unit holders on a medium or long-term basis. Based on Management's estimate, maximum redemption levels are expected to be insignificant during a financial year.

The Fund is exposed to daily cash redemptions of units. The units are redeemed on demand at the option of unit holders. To reduce the liquidity risk, the Fund has made investments only in those exchange traded securities which are actively traded on the stock exchanges of GCC countries including Oman. Investments at fair value through profit or loss are representing 48.33% (2014 – 67.66%) of total net assets and 48.13% (2014 – 67.36%) of total assets of the Fund and are traded in active securities trading markets and can be readily realized into cash within 3 days or less. All financial liabilities are expected to be repaid within 3 months from the end of the reporting period.

e) Capital management

The redeemable capital of the Fund is represented by the net assets of the Fund. The amount of net assets can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions.

The Fund's objectives when managing the redeemable capital is to enable the entity to continue as a going concern, so that it can continue to provide adequate returns to the unit holders. There are no externally imposed capital requirements binding on the Fund.

The First Mazoon Fund

Financial statements for the year ended 31 December 2015

Notes to the financial statements

18 DEFINITION OF RATIOS

Net asset value (NAV)

Net Asset Value is calculated by subtracting the total liabilities from the total assets of the Fund. The NAV per unit of the Fund is calculated by dividing the net asset value by the number of outstanding units at the year-end.

Average annual total return

Average annual compounded rate of return has been calculated on the assumption that all dividends have been reinvested at the time they were distributed. Average annual total return is based on the net asset value at the time of purchase, and does not reflect payment of initial sales charges.

Expense ratio

Expenses during the year (interest expenses + all Management and other expenses excluding brokerage commissions), divided by average NAV amount $[(\text{opening NAV} + \text{closing NAV}) \div 2]$ for the year.

Simple return

Calculated by dividing the per unit after tax profit for the year, by the per unit NAV at the beginning of the year. Or, calculated by dividing the sum of per unit dividends and change in the net asset value during the year, by the per unit NAV at the beginning of the year.

Brokerage expense ratio

Brokerage commissions during the year divided by average NAV amount for the year.

Portfolio turnover rate

Average of the price of assets bought and the price of the assets sold $[(\text{purchases} + \text{sales}) \div 2]$, during the year, divided by average NAV amount for the year.

Liability ratio

Liabilities at the end of the year, divided by the NAV amount at the end of the year.
